My Dear T.T.

I am sure that there must be some way to make you change that "International Liar" you have so worthily earned... A few weeks ago Abu-Makram showed me a letter from you in which you said that you were going to write to me. I waited a few weeks now and still no letter... as usual...

You have not turned opportunist, have you? The impression I had when you were here was that the Tsch. film I knew was above such degradation..

If you are too busy to write, you could let me know thru your correspondence with Mohammad Kheir.

The last time you wrote you advised me to write to Stanley Chartrand at the Voice of America, which I did and sent you a copy of my letter to him. So far I have had any reply neither from you nor from him. It isn't like you at all...

Now here is something you might do something about. I read the other day that President Eisenhower signed a new Bill authorizing the admittance of 63,000 immigrants out of which 18,000 something from the Middle East. I have inquired from some American Embassy Officials here and as far as they knew, this would apply to Palestinian Refugees Under the Refugees Relief Act of 1953. My registration under this act dated back to April 1954. I called today Mr. John Panos, the American Consul here who told me he would be able to give me more details next week. Now that you are in Washington and with the few contacts you have there, would you think it's asking too much if you inquire for me about this? Or would it be too much trouble for YOUR EXCELLENCY.. Believe me you are somehow lucky I'm not facing you to give you a real piece of my mind since I can't write everything I have a mind to tell you.

Now let's get over to the social side. How is your wife and kids? Hope they're in good health. How is young man Kabbek, Lady Sarah and Baby Susanna? Hope they are growing up to be better than their T.T. father. My family are all enjoying God's gift of good health and always enquire about the "Nice" Kerim and his family. I have not seen much of Mohammad Kheir lately, but I believe that he is in good shape.

There nothing more to add for the time being, so I'll say so long, and HOPE to hear from you SOON...
